Face Protection

E10 Headgear

- Headgear is offered in both the "Secure-Fit" Mega Ratchet® sizing adjustment E10R and the standard pin-lock sizing adjustment E10
- Resilient cam-lock features hold the face shield in place
- Tension can be adjusted for any fixed or moveable window position
- 8628 Replacement shield available
- Face Shield meets the requirements of ANSI Z87.1 — High Impact
- Face Shields are considered as secondary protection only. Proper eye protection must be worn with face shields

Note: New model requires the 8628 replacement shield. 8150 shield will not fit new E10 model. 8150 shield is still available for use with the old model

Bump Cap/Visor

- ERB #67 Bump Cap
- 8" x 15.5" x .040 clear polycarbonate shield
- Fully assembled with shield attached
- Replacement shields available — Model #1890
- Great for poultry and meat processing plants

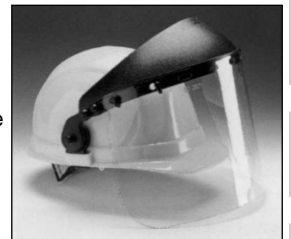

E12 Deluxe Headgear

- Push and turn ratchet sizing adjustment
 - 4-position locking shield
 - Side knobs increase and decrease tension of shield placement
 - Shield measures 8"W x 12"L
 - Clear, hard-coated* polycarbonate shield, 1.6mm
 - 8170 replacement shield available
 - Meets the requirements of ANSI Z87.1 — High Impact
 - Face shields are considered as secondary protection only. Proper eye protection must be worn with face shields
- * Hard-coating provides excellent scratch resistance, prolonging life of shield

E11 Headgear Attachment

- E11 is designed to fit into the accessory slots of most safety helmets
- Features adjustable tension for ease of window movement
- Easily accommodates polycarbonate face shield
- Face Shield meets the requirements of ANSI Z87.1 — High Impact
- Face Shields are considered as secondary protection only. Proper eye protection must be worn with face shields
- Headgear made in USA
- 8150 replacement shield available
- (Hard hat not included)

Hearing Protection

The highest NRR rating available

MAX (NRR 33) pre-shaped foam earplugs feature a smooth outer skin for maximum user comfort. The NRR 33 rating makes the MAX the best-selling highest-rated disposable earplug in the U.S. The smooth, soil-resistant skin helps prevent dirt from penetrating the surface prior to insertion. Attenuation tested in accordance with ANSI S3. 19-1974. Coral color, packed in poly bags.

Part No.	Description
/8332400	Without cord, packed in ind. poly bags (200 pair per box) MAX-1
/8332402	With poly cord, packed in ind. poly bags (100 pair per box) MAX-30

MAX-LITE (NRR 30) low pressure foam earplugs offer long-term user comfort not found in other pre-shaped foam earplugs. The non-irritating, non-allergenic self-adjusting foam recovers to fit virtually any ear canal. MAX-LITE is also ideal for that portion of the population with smaller ear canals. Green color, packed in poly or paper bags.

Part No.	Description
/8332403	Without cord, packed in ind. poly bags (200 pair per box) LPF-1
/8332401	With poly cord, packed in ind. poly bags (100 pair per box) LPF-30
